
Citavi V6 2019 Free Download

Focus on what matters and power up your research with Citavi. Work efficiently. Do you just need a short bibliography. If you need more detailed information, then open the bibliography for the book you are interested in, and you will see what can be done if you study more information than is available in the bibliography. Do you have all the books you need to study this topic. If you want to read more detailed information, then you will have to refer to the original source. If you need references to various sources, then take a look at the bibliography and browse the books that are relevant to this topic.
