Comand Online is a free piece of software that allows you to update your COMAND devices and otherQ: How to show image in action bar on clicking of a image Hi I am developing an Android application which has an action bar and a list item which contains an image. I need to change the image of the list item and I used ImageChangeListener inside the list item to achieve the same. The problem I have is that the image is changing when the item is clicked but the original image is not shown in the action bar. public class MyActivity extends ActionBarActivity { ImageView mainlogo; LayoutInflater inflater = null; ListView list; @Override protected void onCreate(Bundle savedInstanceState) { super 9df0af710a
