The Elden World, which formed as a result of the war between the First and Second Ring, was created in the aftermath of the Great Evil. At that time, dragons and other monsters caused untold suffering. When the Second Ring was created through the sacrifice of the people of the Elden World, and the First Ring made its existence known, the world entered a dark age. The story of this dark age unfolds with the opening of the ancient pagodas. This caused the lands to become distorted and people to be lost in the labyrinth. The lands between are filled with a mysterious light and a strange peace. One thousand years have passed since the Second Ring's creation, but that calm has only begun to

Features Key:

World: A vast world with a variety of landscapes. Explore beautiful fields, perilous lands, and great caverns. Discover unknown and overwhelming threats that arise as you adventure.

Deeply Personal Story: A multilayered tale of a young man named Shion that is influenced by the protagonist's fate and a girl that holds eternal love for him.

An Epic Online Drama: This is an action RPG where you can build your own story using various thoughts that characters have in a parallel, asynchronous online element, revealing an easy to understand but intriguing story.

Procedural Map Generation: Eliminates the tedium of designing patterns in an overworld map. By placing your cursor inside the previous area you've visited, an immense map can be generated and shared with other players. This makes exploring an exciting experience even if you've already finished the story.

Smart Lane Gate System: Allows a smooth link between parallel worlds. When you clear a map section, data from the previous world is transferred to the next map area.

Coherent Missions: Only coherent chapters can be exchanged. Linking those chapters creates an even bigger chain of explosive stories.

Parallel System: You can simultaneously visit different worlds along with other players in order to complete a mission, fight against multiple opponents, and more.

Customizable Characters: Players can create their own custom characters by the way they play. The eleven classes will be able to create the appearance of their character by customizing their face, body, garment, matted earring, and eyes.

"The strong sense of personality and depth of the characters that will force you to put away your controller, which you will be unable to put down, as soon as you start playing is what amazes me most. I need to say that the combat is truly exciting and fun. " "The graphics are beautiful, and well-rendered. The art design and CGI are absolutely stunning, and especially if you like fantasy games... The sound design is also amazing, providing you with an absolutely thrilling experience." "I came in with a low expectation, but I was pleasantly surprised by the RPG elements in this title. There's a wide variety of options, and your character can be developed into whatever you want. The scenario and narrative in this title are original and the action is exciting." "The title itself tries to provide a beautiful work of art, with the black-and-white artwork reminding me of the work of an artist, but I think it's a step too far in terms of graphics and graphics-related content." "There is a certain work of art that every title from Square Enix needs to leave behind, so that the next title can aim higher. I think that the title [Rise Tarnished] is something where the art is taken to that limit, and I think that it would have been amazing if he had provided a complete aesthetic change. " "The title is certainly unique and has a certain depth to it, and I'm not always in the mood for this type of game, but I was curious and I started playing it, and I never put it down. " "While quite unusual, I liked the title, and the level design was good, and the scenario was exhilarating." "The scenario of this title is excellent and it's also complex and fun. The basic combat system is fun too, and if you're into action RPGs, you won't be able to put it down. " "The best thing is that the unique system provides many unique options, which are all fun. Another great thing about this title is its unique multiplayer mode. " "The title is very fun and enjoyable, and if you're into action RPGs, you should check it out." "I had no idea what to expect, but I found it to be quite unique and fun, and I enjoyed it. " "I definitely recommend it bff6bb2d33
