On This Day Monday 15th February 1946 87 years ago Kraft Introduced the First "Unleaded" Gasoline: Following Hitler's takeover of Czechoslovakia, the Nazis started enforcing wartime controls on gasoline imports, including strictly forbidding the use of lead-based octane boosters in many countries, including the United States. Seeing an excellent revenue stream, Robert H. McBride (1917-2005), of the Empire Marketing Board, who was acting on behalf of the American Oil Company, decided to reverse the order and offer Americans lead-free gasoline, which turned out to be great success. They never offered lead-free gas in the United States, since it would have been impossible to market in the United States until the ban against lead additives was lifted in the 1970s. During the war, high-octane gasoline was often provided by adding lead-

Full screen mode on the iPhone6 plus is a beautiful thing. Even if you are tethered to your phone as you are driving down the road, it looks absolutely amazing. So the question is, what can you do with it? As it turns out, not only can you use it for navigation and music, you can also play classic console games. How about an oldschool shooter? Sure you could try N64 emulators, or you could just do it like this. Best classic console game emulation iPhone app (Dogs of War). Or just keep playing Zelda on the road. Well not today. You'll be busy playing legendary arcade games and enjoying these iPhone 6 Plus games and graphics: Cave Story+ a cave man, possessed by an alien woman, is put to the test as he runs for his life. Based on the same weird Japanese man-with-a-gun comic-style art as Super Meat Boy+ and thus forms an unholy 3D-spirit-of-the-east-of-east-the-best-of-the-best cult-classic-archetype-of-scum-drenched-action. Sonic+ can't you just open a portal and stuff them into a hedgehog of doom? Back 2 Reality is a game that makes use of both your senses. You'll feel the rhythm and "feel" your way through a double-diamond infested world of caves, skeletons, skulls and subways full of slimy creatures. 2BR also features a visually stunning music track by indie veteran Joakim Brodén. The Carnival of the Animals+ arranges the music of Camille Saint-Saens' famous piece The Carnival of the Animals for an interactive visual experience. Once you play the piece, the notes change shape and dance around the screen. Pick up a partner, put on the headphones, and you and your partner take on the role of a crowd of animals in a circus as you enter an illuminated world of sound. Feel the music come alive. 2BR also features a visually stunning music track by indie veteran Joakim Brodén. The app provides in-app purchases but no ads or banner ads. Download & Play Full Version Dolphin: Dino Island APK File. This is a Real Time Strategy Game (RTS). In this game you control a Marine, Duke, or Ranger to conquer the islands of the Archipelago with one of the over 60 ships available in the game. One thing that sets

### **What's new:**

**Revenant: Sunken Land is a 2011 American supernatural thriller film and the second in the planned Revenant trilogy. As with the first film, Sunken Land was helmed by director Jaume Collet-Serra and distributed by Screen Gems, while the music score was composed by Markus Dravs and the cinematography by Rodrigo Prieto. The film stars Gerard Butler, Alice Braga, Patrick Wilson, and Aaron Taylor-Johnson. Sunken Land was theatrically released in the United States on February 26, 2011 by Screen Gems. Plot In 1969, on the shores of Loch Ness in Scotland, John Dawson is recruited by Special Agent Josie Kelly and the SIS to join Operation Retrieval, a mission to retrieve an**

alleged alien corpse, and the only surviving human from the crash site of a downed spacecraft. That same year, the Danish intelligence chief, former SIS chief, and secret agent Poul Avery is killed in Baghdad by the terrorist group, the Maglinjedars. In present day, David Dryden, a US Navy captain and son of a former SIS agent, along with his wife Adrienne, go to the coastal resort of Souvenir, Maine, to celebrate the anniversary of the miraculous survival of John's young son, Ethan. Attending the party is David's former SIS colleague, Steve Romero. The celebrating turns violent when the Maglinjedars attack the resort. During the ensuing chaos, Steve is mysteriously murdered and decapitated, with his head placed next to the pool where John's son was drowned as a child. David is enraged and kills one of the attackers and returns home the next morning to bury his wife. The FBI and CIA are asked to investigate. Meanwhile, kidnapped by the Maglinjedars, a terrified Adrienne manages to escape. John discovers that the body of the Maglinjedar leader was brought to Souvenir, Maine, by a group of agents led by the head of operations who is revealed to be an old colleague of his named Josie. For the past three years John's job has been to care for Ethan, a colicky baby, while Adrienne works for a private security firm alongside her husband. Ethan has started to talk and John has spent his last two pay periods attempting to find out what the boy knows. Adrienne enlists the help of archaeology expert Dr. Stephen Vidal. That evening, John confronts Josie
